You can choose to do as many activities as you like but take care with your presentation. The more activities you complete, the more merits you earn- the amount of merits stated above are the maximum you will be rewarded for each task. Please complete your work on paper and stick it neatly into your book. For the making activities, either take a photo of your make and stick it in or bring it in- we love seeing them! When you have completed an activity, cross out the box to show what you have achieved. Enjoy your learning!
